SCEPTRE'S OWNER ARRIVES

ROBERT S. SIEVIER IN NEW YORK TO SURVEY THE AMERICAN RACING FIELD.

Describes Difficulties at Present Harrassing the Turf in England, but Considers Relief Is in Sight -May Bring Horses Over.

New York, October 30.—Robert S. Sievier, chairman of the Race Horse Breeders' and Owners' Association, former owner of the great mare Sceptre, and editor and proprietor of Winning Post, one of the most prominent of London weeklies devoted to racing and the thoroughbred, was among the passengers on the Adriatic, from England.
"Racing has received a severe seeback in England," said Mr. Sievier, "but has by no means stopped. We are still holding short meetings over there, but they are somewhat restricted. The politicians and those in favor of conscription, have been making political capital out of racing. One of the planks in their platform has been that meneligible for the army, instead of enlisting, have been following the circuit of race meetings and, for this reason, the sport should be entirely abandoned. While these conditions do not exist, public opinion demanded that racing be curtailed, and that is what has been done."

"As long as there is a thoroughbred left in England racing will never be entirely stopped. Another side of the question, which apparently politician have overlooked, is the tremendous amount of money invested in race horses and racing plants. It is with the Idea of safeguarding these interests that the Race Horse Breeders' and Owners' Association has been formed. Lord Coventry is president of the association. We are working in perfect harmony with the Jockey Club; in fact, we act as a buffer between the latter and those who are using every means in their power to abolish racing."

A few weeks before leaving England Mr. Sievier bought eleven yearling thoroughbreds for Richard T. Wilson, president of the Saratoga Racing Association. Five of these youngsters have arrived, "Owing to extreme unrest at the present time in England, well bred yearlings and even two-year-olds may be pieked up there for a mere song," said Mr. Sievier and If it is worth while to immort the best blood

may be picked up there for a mere song," said Mr. Sievier.

Mr. Sievier is over here now to personally inquire how the sport is going on in the United States and. If it is worth while to import the best blood stock from Great Britain.

Mr. Sievier is considered an expert regarding thoroughbred stock and his opinion is valued by all sportsmen, both in England and France. He will stay here for some time, but regrets that what is pressed upon England, owing to war, the curtailment of horse racing, should have taken place in a sporting country like the United States in times of profound peace, for, as he says, "without the theoroughbred race horse the high standard of breeding cannot be maintained."

Recurring to present favorable prospects for racing in England, Mr. Sievier said: "The president of the Board of Trade promised a deputation which called on him October 20, that steeplechasing should have facilities to go on. The deputation consisted of Lord Londorderry, Lord Carnaron, and other peers, several prominent members of parliament, the Hon. George Lambton, brother to Lord Durham and other prominent men in England, representing the Race Horse Breeders' Association, but I sailed on the Adratic for New York on that day. On board the steamship I received a wireless to say that racing would continue."

ANSWERS TO QUERIES.

Communications without names and addresses will not be noticed nor answered. No answers will be sent by mail and none by wire unless reply prepayment is made at time of wiring query.

F. G. B., Saginaw, Mich. Can find no mare named one Regent in the Stud Book.

Ed S., Chicago. The Grader was 45 to 100 place, and Jenny Geddes was 30 to 100 place in their races of October 11.

C. W. S., St. Louis. Mo. The return of \$2 place and \$3 show on a field horse in race 23745 would be in all \$18.20. The suggestion, double payment, is an absurdity.

E. R. B., Chicago. Do not have any compilation covering such a variety of elements as average time of any race track for "fast, good, heavy, muddy, sloppy and slow." The proposition is too intricate to be practicable.

SOME OWNERS IN HARD LUCK RELIEVED.

Montreal, Que., October 30.—A welcome surprise was given twenty or more stranded horsemen at the Mount Royal track, when the directors of the Back River Jockey Club visited the course to arrange for payment of feed bills and other indebtedness of owners, who were unable to leave until these liabilities were cleared up.

A number of the stranded horsemen hold checks from the Dorval Jockey Club for amounts won by them at the meeting at Dorval Park in September and which have not yet been honored by the bank. The management of the Dorval Jockey Club has not yet made any arrangements with the horsemen for the lifting of these checks and the Back River Jockey Club came to their assistance. The feed bills were guaranteed, while other expenses were paid and money furnished for shipments. Some of these horsemen will go from here to Juarez and others to New Orleans, where they will race during the coming winter.

SON-IN-LAW WINS ANOTHER BIG RACE.

At Newmarket, England, last Thursday, the Jockey Club Cup at two miles and a quarter was won by the Cesarewitch winner, Sir A. Bailey's Son-in-Law, Lanius finishing second and Gadabout third. This performance, coupled with his quite remarkable feat in the Cesarewitch, makes Son-in-Law easily the best four-year-old in England. On the same day the Dewhurst Plate, at seveneighths of a mile for two-year-olds, was won by E. Hulton's bay colt Atheling by Desmond—Wood Daisy, with Lord Derby's bay filly Canyon by Chaucer—Glasalt second, and Mr. Fairie's bay colt Kwang Su by Ciccro—Galleia third. Atheling is a fine colt and was an 11 to 10 favorite.

On Friday, the last day of the Newmarket Houghing George's colt Friar Marcus and there was a sat demonstration when he and his rider returned to the scales.

ALLEGED NEW YORK BOOKMAKERS INDICTED.

New York, October 30.—As a rescult of the arrests of more than a score of men at Belmont Park during the race meeting from September 1 to 14. eight have been indicted by the Nassau county grand jury, charged with violations of section 986 of the penal law, which prohibits bookmaking "whether with or without writing." Bench warrants have been issued by County Judge James P. Nielman and given to Sheriff Pettit to serve.

NEW YORK TRACKS, AS A WHOLE, PRODUCE LESS FOR OWNERS **THAN IN 1914**

Still, the Total Distributed Is More Than a Half Million Dollars, with Belmont Park the Most Productive Point

It will probably surprise these interested in the affairs of the turf to be informed that the New York racing field yielded \$41,690 less this year than it did in 1914, yet such is the case. This decline was naminy at Saratoga, where the money raced for was \$43,245 less than in the previous year. In fact there was some decline in this way in the cases of all the principal tracks, but this was in part made up by the resumption of racing at Jamaica, with the resultant distribution of \$54,025 by the Metropolitan Jockey Club. The removal of the Futurity from Saratoga to Belmont Park was a considerable factor in the loss at the former track, but did not prevent the Belmont Park total from falling off slightly, as compared with 1914. However, the New York tracks produced a generous aggregate, without which American owners would have been in a sorry plight. Having reached bedrock, steady improvement in amount of money offered is now to be confidently anticipated for the near-by years of the future.

In total of money distributed the Westchester Racing Association is the leader this year, with Saraioga second, reversing the positions of 1914. In daily average of distribution Piping Rock led, as was the case in 1913 and 1914. It is only truth to say that the amateur meetings at Piping Rock exerted a powerful influence in conducing to the resumption and prosperity of racing in the state of New York. The statistics of 1915 and their comparison with the years since 1910 are here compactly presented:

H. P. Whitney, whose horses raced in the name of L. S. Thompson because of the death of his relative, Alfred Vanderbilt, was a decided leader among the winning owners, his two splendid two-year-olds, Dominant and Thunderer, contributing considerably more than half of the \$56,716 won by the stable on New York tracks. The Whitney stable was a powerful racing organization in all respects and is probably destined to as great prominence in the racing of 1916. August Belmont finished second and, considering that his Rock Sand two-year-olds hardly realized expectations, reaped a goodly measure of success. His total of \$40.265 on the New York Randolph, P. S. P. soccess. His total of \$40.205 on the New York tracks this year was considerably more than his horses won on all tracks in the course of the preceding year. R. T. Wilson ranks third among the winning owners and has good reason to view his stable returns with contentment. The owners who won \$300 or more were the following:

STILL VICTORIOUS ROAMER

LEADS ALL THE WAY UNDER BIG WEIGHT AND WINS THE NATIONAL HANDICAP.

Cock o' the Walk Also in Winning Form--Colonel Vennie Takes the Measure of Spur-Captain Walker Buying Good Mares.

Laurel, Md., October 30.—Andrew Miller's great racer Roamer added the National Handicap to the long list of notable victories he has scored, when he won Laurel's closing day's feature. Roamer picked up 132 pounds, made all the pace and beat August Belmont's Stromboli, the runner up, by three lengths. Considering that the track was not at its best. Roamer's performance was a splendid one, the fractional time of the race being 23, 47%, 1:11½, 1:33%, 1:30.

The mile handicap for all ages went to Cock o' the Walk, which beat Eagle by a neck, and the mile allowance race for two-year-olds was won by Jefferson Livingston's English-bred colt Colonel Vennie. The latter beat the Butler crack Spur, wearing him down in the stretch and won going away. A tremendous gathering was present, the crowd being a record one for the meeting.

Charlie Ellison was an arrival from Latonia. He will remain in Maryland until the conclusion of the Bowie meeting. William H. Collins, of Berkeley. Cal., was another arrival.

A couple of carloads of horses arrived at Pimlico this morning from Latonia. In the consignment were the horses owned by Edward Trotter, J. J. Timmerman, W. R. Sallee and two of W. Gerst's in charge of H. Roscher.

A. B. Dade, who will do the starting at Pimlico and Bowie, arrived this afternoon and one of his assistants, William Snyder, came in from Missouri. The first of the big mutuel machines to be used at Bowie this fall has been completed and devered at the course. It is the idea of Mortimer Mahoney and is expected to prove a big improvemen over the old method.

Capt. P. M. Walker has secured from S. W. Sneleson the fashionably-bred mare Moisant, by Hamburg—Ascension. C. Campbell and manager Murphy announce that they are sure of being able to arrange many more big stake races during the fifty-seven days of the meeting.

PREPARING ACTIVELY FOR JUAREZ RACING.

Juarez, Mex., October 30.—The next track to open for racing is the Jockey Club Juarez course here, where, beginning on Thanksgiving Day, Thursday, November 25, will commence the usual 100 days or more of winter racing. There has never been a racing season, with but one exception, since the Jockey Club Juarez track was opened, that any meeting has been held in the winter here that did run 100 or more racing days.

When the meeting begins here this year it will have no opposition from American tracks, or any courses on the horders of that country for nearly a neonth. The racing season in Kentucky closed last week and the windup in Maryland will soon follow. This will leave the Juarez course an open field for quite a period.

This will leave the Juarez course an open field for quite a period.

Secretary Ed Jasper has issued the book program for the first nine days of the meeting and each day shows a distribution in purses of \$2,000.

Already many horses have arrived at the track from various points in the far west, Colorado, Nevada, California and Montana being represented in these shipments, while a number of the Oklahoma, Texas and Missouri stables are also quartered on the grounds. This week the Latonia special, one of the biggest trains of this character that ever left that course, will arrive here, as well as a special from the Laurel track in Maryland. This special will also be followed later by anofher big train from the Maryland tracks. On these special trains will come some of the best riders now accepting mounts and several of the star jockeys will be in attendance at the Juarez meeting this year.

Everything at the Juarez track is ready for the

year.

Everything at the Juarez track is ready for the horses. The course was never in more excellent condition. The stable quarters and grounds are a picture of clearliness and the highest sanitary condition. Everything is in the best of condition at El Paso on the border and the facilities for quick passage of trains loaded with horses direct to the track, were never better. There is scarcely a half hour's delay in transferring the horses over the Rio Grande river to the chuic at the track, where the unloading takes place.

Already many horsemen and followers of racing have arrived here and the hotel reservations this fall exceed, so far, those of last fall at this time of the year. All the horses so far shipped have landed at the track in perfect health and condition. The officials of the Jockey Club Juarez and the winter racing are as follows:

President—M. J. Winn.

Vice-president—James Butler.

Secretary—H. F. Breivogel.

Treasurer—W. H. Fenchler.

Juarez, Mex., October 30.—The next track to open for racing is the Jockey Club Juarez course here, where, beginning on Thanksgiving Day, Thursday, November 25, will commence the usual 100 days of more of winter racing. There has never been a racing season, with but one exception, since the lockey Club Juarez track was opened, that any meeting has been held in the winter here that did in 100 or more racing days.

When the meeting begins here this year it will ave no opposition from American tracks, of any ourses on the borders of that country for nearly a tenth. The racing season in Kentucky closed last enoth. The racing season in Kentucky closed last

THE BELMONT COMING TWO-YEAR-OLDS.

An eastern writer has inspected the band of yearlings, which will represent the chairman of the Joekey Club in next year's two-year-old racing, and gives the following account of them:

"There are now stabled at Belmont Park fifteen yearlings belonging to August Belmont which have been but recently brought up from his famous Nursery Stud near Lexington, Ky. As these youngsters will carry the Belmont silks in the two-year-old division of 1916, much interest very naturally attaches to their breeding, individuality and trial gallogs.

greater and better things for the Nursery two-yearolds of the coming year than that which fell to the

SCEPTRE'S OWNER ARRIVES

ROBERT S. SIEVIER IN NEW YORK TO SURVEY THE AMERICAN RACING FIELD.

Describes Difficulties at Present Harrassing the Turf in England, but Considers Relief Is in Sight -May Bring Horses Over.

New York, October 30.—Robert S. Sievier, chairman of the Race Horse Breeders' and Owners' Association, former owner of the great mare Sceptre, and editor and proprietor of Winning Post, one of the most prominent of London weekles devoted to racing and the thoroughbred, was among the passengers on the Adriatic, from England.

"Racing has received a severe setback in England," said Mr. Sievier, "but has by no means stopped. We are still holding short meetings over there, but they are somewhat restricted. The politicians and those in favor of conscription, have been making political capital out of racing. One of the planks in their platform has been that men eligible for the army, instead of enlisting, have been following the circuit of race meetings and, for this reason, the sport should be entirely abandoned. While these conditions do not exist, public opinion demanded that racing be curtailed, and that is what has been done."

"As long as there is a thoroughbred left in England racing will never be entirely stopped. Another side of the question, which apparently politician; have overlooked, is the tremendous amount of money invested in race horses and racing plants. It is with the idea of safeguarding these interests that the Race Horse Breeders' and Owners' Association has been formed. Lord Coventry is president of the association. We are working in perfect harmony with the Jockey Club; in fact, we not as a buffer between the latter and those who are using every means in their power to abolish racing."

A few weeks before leaving England Mr. Sievier bought eleven yearling thoroughbreds for Richard T. Wilson, president of the Saratoga Racing Association, Five of these youngsters have arrived, "Owing to extreme unrest at the present time in England, well bred yearlings and even two-year-olds may be picked up there for a mere song," said Mr. Sievier.

Mr. Slevier is over here now to personally inquire how the sport is going on in the United States and, if it is worth while to invest the second in the content in a

may be picked up there for a mere song," said Mr. Sievier.

Mr. Sievier is over here now to personally inquire how the sport is going on in the United States and. If it is worth while to import the best blood stock from Great Britain.

Mr. Sievier is considered an expert regarding thoroughbred stock and his opinion is valued by all sportsmen, both in England and France. He will stay here for some time, but regrets that what is pressed upon England, owing to war, the curtailment of horse racing, should have taken place in a sporting country like the United States in times of profound peace, for, as he says, "without the thoroughbred race horse the high standard of breeding cannot be maintained."

Becurring to present favorable prospects for racing in England. Mr. Sievier said: "The president of the Board of Trade promised a deputation which called on him October 20, that steeplechasing should have facilities to go on. The deputation consisted of Lord Londorderry, Lord Carnaryon, and other peers, several prominent members of parliament, the Hon. George Lambioto, brother to Lord Durham and other prominent men in England, representing the Race Horse Breeders' Association, but I sailed on the Adriatic for New York on that day. On board the steamship I received a wireless to say that racing would continue."

SOME OWNERS IN HARD LUCK RELIEVED.

Montreal, Que., October 30.—A welcome surprise was given twenty or more stranded horsemen at the Mont Royal track, when the directors of the Back River Jockey Club visited the course to arrange for payment of feed bills and other indebtedness of owners, who were unable to leave until these liabilities were cleared up.

A number of the stranded horsemen hold checks from the Dorval Jockey Club for amounts won by them at the meeting at Dorval Park in September and which have not yet been honored by the bank. The management of the Dorval Jockey Club has not yet made any arrangements with the horsemen for the lifting of these checks and the Back River Jockey Club came to their assistance. The feed bills were guaranteed, while other expenses were paid and money furnished for shipments. Some of these horsemen will go from here to Juarez and others to New Orleans, where they will race during the coming winter.

SON-IN-LAW WINS ANOTHER BIG RACE.

At Newmarket, England. last Thursday, the Jockey Club Cup at two miles and quarter was won by the Cesarewitch winner, Sir A. Bailey's Son-in-Law, Lanius finishing second and Gadabout third. This performance, coupled with his quite remarkable feat in the Cesarewitch, makes Son-in-Law easily the best four-pear-old in England. On the same day the Dewburst Plate, at seven-eighths of a mile for two-year-olds, was won by E. Hulton's bay colt Atheliug by Desmond—Wood Daisy, with Lord Derby's bay filly Canyon by Chaucer-Glasalt second, and Mr. Fairie's bay colt Kwang Su by Cicero—Galicia third. Atheling is a fine colt and was an 11 to 10 favorite.

ALLEGED NEW YORK BOOKMAKERS INDICTED.

New York, October 30.—As a reseult of the arrests of more than a score of men at Belmont Park during the race meeting from September 1 to 14. eight have been indicted by the Nassau county grand jury, charged with violations of section 986 of the penal law, which prohibits bookmaking of the penal law, which prohibits bookmaking whether with or without writing." Bench warrants have been issued by County Judge James P. Nieman and given to Sheriff Pettit to serve.

NEW YORK TRACKS, AS A WHOLE, PRODUCE LESS FOR OWNERS **THAN IN 1914**

Still, the Total Distributed Is More Than a Half Million Dollars, with Belmont Park the Most Productive Point

It will probably surprise these interested in the affairs of the turf to be informed that the New York racing field yielded \$41,690 less this year than it did in 1914, yet such is the case. This decline was mainly at Saratoga, where the money raced for was \$43,245 less than in the previous year. In fact there was some decline in this way in the cases of all the principal tracks, but this was in part made up by the resumption of racing at Jamaica, with the resultant distribution of \$54,025 by the Metropolitan Jockey Club. The removal of the Futurity from Saratoga to Belmont Park was a considerable factor in the loss at the former track, but did not prevent the Belmont Park total from falling off slightly, as compared with 1914. However, the New York tracks produced a generous aggregate, without which American owners would have been in a sorry plight. Having reached bedrock, steady improvement in amount of money offered is now to be confidently anticipated for the near-by years of the future.

In total of money distributed the Westchester Racing Association is the leader this year, with Saratoga second, reversing the positions of 1914. In daily average of distribution Piping Rock led, as was the case in 1913 and 1914. It is only truth to say that the annateur meetings at Piping Rock exerted a powerful influence in conducing to the resumption and prosperity of racing in the state of New York. The statistics of 1915 and their comparison with the years since 1910 are here compactly presented:

H. P. Whitney, whose horses raced in the name of L. S. Thompson because of the death of his relative, Alfred Vanderbilt, was a decided leader among the winning owners, his two splendid two-year-olds, Dominant and Thunderer, contributing considerably more than half of the \$56,716 won by the stable on New York tracks. The Whitney stable was a powerful racing organization in all respects and is probably destined to as great prominence in the racing of 1916. August Belmont finished second and, considering that his Rock Sand two-year-olds hardly realized expectations, reaped a goodly measure of success. His total of \$40,265 on the New York tracks this year was considerably more than his success. His total of \$40.205 on the New York tracks this year was considerably more than his horses won on all tracks in the course of the preceding year. R. T. Wilson ranks third among the winning owners and has good reason to view his stable returns with contentment. The owners who won \$300 or more were the following:

STILL VICTORIOUS ROAMER

LEADS ALL THE WAY UNDER BIG WEIGHT AND WINS THE NATIONAL HANDICAP.

Cock o' the Walk Also in Winning Form-Colonel Vennie Takes the Measure of Spur-Captain Walker Buying Good Mares.

Laurel, Md., October 30.—Andrew Miller's great racer Roamer added the National Handicap to the long list of notable victories he has scored, when he won Laurel's closing day's feature. Roamer picked up 132 pounds, made all the pace and beat August Belmont's Stromboli, the runner up, by three lengths. Considering that the track was not at its best, Roamer's performance was a splendid one, the fractional time of the race being 23, 47%, 1:11%, 1:38%, 1:50.

The mile handicap for all ages went to Cock o' the Walk, which beat Eagle by a neck, and the mile allowance race for two-year-olds was won by Jefferson Livingston's English-bred colt Colonel Vennie. The latter beat the Butler crack Spur, wearing him down in the stretch and won going away. A tremendous gathering was present, the crowd being a record one for the meeting.

Charlie Ellison was an arrival from Latonia. He will remain in Maryland until the conclusion of the Bowie meeting. William II. Collins, of Berkeley. Cal., was another arrival.

A couple of carloads of horses arrived at Pimlico this morning from Latonia. In the consignment were the horses owned by Edward Trotter, J. J. Timmerman, W. R. Sallee and two of W. Gerst's in charge of H. Roscher.

A. B. Dade, who will do the starting at Pimlico and Bowie, arrived this afternoon and one of his assistants, William Snyder, came in from Missouri. The first of the big mutuel machines to be used at Bowie this fall has been completed and delivered at the course. It is the idea of Mortimer Mahoney and is expected to prove a big improvement over the old method.

The local hotels have guaranteed a stake of \$4,000, which will make the race one worth trying for by the best horses on the turf. The purse will probably be the biggest offered, although steward T. C. Campbell and manager Murphy announce that they are sure of being able to arrange many more big stake races during the fifty-seven days of the meeting.

Juarez, Mex., October 30.—The next track to open for racing is the Jockey Club Juarez course here, where, beginning fon Thanksgiving Day, Thursday, November 25, will commence the usual 100 days or more of winter racing. There has never been a racing season, with but one exception, since the Jockey Club Juarez track was opened, that any meeting has been held in the winter here that did run 100 or more racing days.

When the meeting begins here this year it will have no opposition from American tracks, or any courses on the borders of that country for nearly a menth. The racing season in Kentucky closed last week and the windup in Maryland will soon follow. This will leave the Juarez course an open field for quite a period.

Secretary Ed Jasper has issued the book program for the first nine days of the meeting and each day shows a distribution in purses of \$2,000.

Already many horses have arrived at the track from various points in the far west, Colorado, Nevada, California and Montana being represented in these shipments, while a number of the Oklahoma, Texas and Missouri stables are also quartered on the grounds. This week the Latonia special, one of the biggest trains of this character that ever left that course, will arrive here, as well as a special from the Laurel track in Maryland. This special will also be followed later by anofher big train from the Maryland tracks. On these special trains will come some of the best riders now accepting mounts and several of the star jockeys will be in attendance at the Juarez meeting this year.

will be in attendance at the Juarez meeting this year.

Everything at the Juarez track is ready for the horses. The course was never in more excellent condition. The stable quarters and grounds are a picture of clearliness and the highest sanitary condition. Everything is in the best of condition at El Paso on the border and the facilities for quick passage of trains loaded with horses direct to the track, were never better. There is scarcely a half hour's delay in transferring the horses over the Rio Grande river to the chute at the track, where the unloading takes place.

Already many horsemen and followers of racing have arrived here and the hotel reservations this fall exceed, so far, those of last fall at this time of the year. All the horses so far shipped have landed at the track in perfect health and condition. The officials of the Jockey Club Juarez and the racing officials who will serve there during the winter racing are as follows:

THE BELMONT COMING TWO-YEAR-OLDS.

An eastern writer has inspected the band of year-lings, which will represent the chairman of the Jockey Club in next year's two-year-old racing, and gives the following account of them:

"There are now stabled at Belmont Park fifteen yearlings belonging to August Belmont which have been but recently brought up from his famous Nursery Stud near Lexington, Ky. As these young-sters will carry the Belmont sitks in the two-year-old division of 1916, much interest very naturally attaches to their breeding, individuality and trial gallops.

sters will carry the Belmont silks in the two-year-old division of 1916, much interest very naturally attaches to their breeding, individuality and trial gallops.

"Taken as a whole, they would seem to promise greater and better things for the Nursery two-year-olds of the coming year than that which fell to the Belmont stable during the season now about to close. The sires they represent are Hastiags, Fair Play and Trap Rock, Mr. Belmont's own stallions, with the exception of two, one of these being by Disguise and the other, an imported colt by the French sire. Negofol.

"Since they arrived in their present quarters these yearlings have been worked through the straight stretch of the Belmont Park track with a view of the possible weeding out of slow ones, but thus fair, none has been definitely thrown into the discard. These gallops were in the presence of Mr. Belmont and both his trainers, S. C. Hildreth and W. Breunan, the latter being just now in charge of the youngsters.

"Taking them in the order in which they stand in their stalls, they are as follows:

"Rock Port, ch. c, by Trap Rock—Retained II. This is a rangy and well-furnished bright chestnut colt standing fifteen hands and an inch and a half high. He covers a lot of ground and has good driving power and fine racing angles. His trial at a quarter of a mile was eminently satisfactory, being under twenty-four seconds.

"Sandusky is a dark bay colt by Hastings—Sans Gene. He is fifteen hands and half an inch high and particularly stout and rather cobby in his general make-up. His harrel, while a trifle short, is exceptionally stout and rather cobby in his general make-up. His harrel, while a trifle short, is exceptionally benny, and so are his chest, and quarters. He has grand muscular development exerywhere, oblique shoulders, massive quarters and particularly stout cannon hones. He looks to be up to any weight and has a good way of going.

"Cockleshell by Trap Rock—Crossways, is a chest-nut filly of high fluish and is a racy-looking young-

A dispatch, telegraphed to the Berlin Tageblatt from Bukharest, says that the transports are convoyed by a strong squadron. The terrific bombardment begun by the allies on the Gallipoli peninsula is evidently intended to keep the Turks occupied defending their own positions so that they can not send reinforcements to the Bulgarians. The Turks in their official report admit that some of their trenches on the left wing had caved in under the allies' attack.

A dispatch of yesterday from Sofia, Bulgaria, says: The fall of Pirot Wednesday was a severe blow to the Serbian army, since the reduction of this strong position leaves open the road to Nish and invites a strong Bulgarian advance toward the center of old Serbia. The capture of Pirot followed three days of desperate fighting, ending at nightfall on October 26. During the night the Serbs evenuated the city, sacrificing all their heavy baggage and leaving huge stores of ammunition and war material in the hands of the Bulgars. It is asserted here that the Serbian losses were extremely heavy. The fall of Pirot and Zajecar, together with the junction made by the Austro-German and Bulgarian forces north of Negotin, has rendered the position of the Serbians, it is consid

Canada is going to put a quarter of a million men in the field. This decision was officially reached by the cabinet council and announced by the premier. Sir Robert L. Borden. It is Canada's response to the call for more men issued by the king, and means the enlistment of 190,000 extra soldiers. While a total of 173,000 men have enrolled, the number actually anthorized is only 150,000, so that about 15,000 of the extra 100,000 decided upon already have joined the colors.

From Seward. Alaska, a dispatch of yesterday says: The first seven miles of steel on the government railroad from Anchorage to the Matauuska coal field has been laid. For the second time in a year the W. F. Jobbins chemical works at Aurora, one of the four big nitracked by a disastrons fire early yesterday. The Jobbins firm has been making large quantities of war explosives and the fire is suspected as the latest activity of the munitions plant plotters. Yesterday's loss was about \$100,000. The previous fire cost the firm \$700,000.

John McFadden, wounded in the right elbow, suspected by the police of being one of the five safe robbers who blew open three safes in as many offices in Chicago Heights early Wednesday, one of whom was shot and killed by the police and two of whom were captured, was found in the Provident hospital.

Winter Racing

In Cuba

There will be 82 days of racing in Cuba this winter, commencing December 16, 1915, and continuing until March 19, 1916.

The trip is one of 48 hours or less from Chicago, Cincinnati or Baltimore to Havana, Cuba. The City of Havana is conceded to have the finest winter climate in the world. Hotel accommodations are ample and good. There is surf bathing the year round. Cuba caters to the supreme entertainment of the tourist. The shortest route to Havana is by rail to Jacksonville and Key West and from the latter point a most delightful six-hour boat ride through the Gulf.

Both styles of betting will be used: Pari-Mutuels and Bookmaking. The ring will be open to all reputable Bookmakers.

Horsemen who intend to ship to Havana are requested to notify FRANK J. BRUEN, Latonia Race Track, Covington, Ky., or HARRY WHITE, Pimlico Race Track, Baltimore, Md., at once.

CURRENT NOTES OF THE TURF.

O. H. Chenault was a persistent bidder for Ballot, which finally went to T. C. McDowell for \$15,600 at the Elmendorf dispersal sale at Lexington Thurs-day.

The Connaught Park Jockey Club's annual ficial statement shows a balance of about \$21,000 the season's operations, which is regarded as cellent under the circumstances.

Don Mariano Carraciolo, Prince of Castagneto, one of the best known of Italian gentlemen riders, has fallen in battle on the Austrian front. Last year he rode Hugomart into third place in the International Steeplechase at Karlshorst, Germany.

E. L. Fitzgerald, who trains the horses owned by himself and Ray R. Miller, will winter the string at Montreai. The horses have already been shipped from Mount Reyal to Delorimier Park, where they will be quartered. The string includes Miss Jean. Belle Reach, Black Chief, Montreal and a number of others.

The mare Final Shot, which was sold at the Lexington sale Thursday night, was sent to England by J. B. Haggin when a yearing and raced there in his name. She won several races for him besides being frequently placed and was quite useful as a racer. She was sold and her last victory there was in a hurdle race at Portsmouth April 17 of this year.

of this year.

Even the Duke of Portland, to whose intervention the partial stoppage of English racing was largely due, has commenced to run his horses again, so that he evidently came around to the view that his action was hasty and ill-advised—at all events, he had announced that he would not run any horses while the war lasted. Following the lead, however, of our gracious king, practically the whole of the noblemen and gentlemen who ordinarily support racing have maintained their establishments at something like full strength during the time of stress, and few of those who were present at Newmarket will ever forget the enthusiasm which marked the victory of Friar Marcus in the Great Eastern Railway Handicap—Francis Nelson in Toronto Globe.
